Earth Day is Almost Here

It is that time of year again that we celebrate Earth Day.

This will be the 41st year that April 22 has been designated as Earth Day and it has become a global phenomenon.

Here at Show we will be celebrating on Saturday, April 16 with our annual tire and e-waste collection.

We will be having our tire recycling again on that

Saturday. As always tires must be residential tires (no commercial tires) and will need to be off the rim.

We will also be having e-waste collection this year. E-waste includes old printers, VCR's, DVD players, keyboards, computers, etc. We will also be accepting T.V.'s for a \$15.00 fee and computer monitors for a \$5.00 fee.

Earth Day is always a fun

day here at Show with a wonderful group of student volunteers from the local community helping to throw tires.

The City of Sapulpa has made the decision to open the city dump for one day only on April 16 and dumping will be free for Sapulpa residents. (must show proof of residency)

For more information please contact us here at Show at 224-7214.

Come Join Team Show!!

Show, Inc. will be having a team walking in the Relay for Life this year on May 20-21 at the Sapulpa High track.

This is a cancer walk sponsored by the American Cancer Society and all proceeds from our fundraising efforts will go to the ACS.

We are currently selling cancer wristbands for \$2.00 at the Show office so be sure to drop in and get yours.

We are also looking for more walkers for our

team! There is a \$10.00 registration fee per team member. You can sign up to join Team Show either at the Show office or on our Relay for Life web page.

We will be having other fundraisers between now and walk day which will be posted on our website at www.showinc.org so be sure to check there or you can call team captain, Chris, at the office at 224-7214.

If you would prefer not to walk but would still like to support us you may donate through our Relay for Life web page or by dropping by our offices.

Our goal is to raise at least \$1500 in the fight against cancer so please come out and support Team Show!!!

Meet.....Clint Buchholz

What can you say about Clint other than, well, he's Clint!

Clint came to Show in the summer of 2004, a transplant from Collinsville where he owned his own lawn care business.

He started his recycling career in Show Recycling Center and working on our Landscaping Crew before moving on to working at area MET sites.

Clint currently works at the Sand Springs MET which he enjoys very much and has some regular customers he enjoys seeing.

Over the past few years, Clint has really proven

himself to be a hard-working, dedicated employee. After a co-worker received the Outstanding Worker award from the MET Clint decided that it was something that he would like to achieve. Over the following couple of years Clint worked hard to improve his job performance and to better himself on the job. All of his hard work paid off when Clint won the Outstanding Worker award for 2010.

Clint set a goal for himself and was willing to work hard to achieve that goal for which everyone here is very proud of him for.

If you would prefer to receive your quarterly edition of Showing Off via email please contact us at recycle@showinc.org.

If you would prefer to receive your monthly/quarterly invoices via email please contact Valita Steenbergen at valita.steenbergen@showinc.org

Let's help save some trees.

He Runs, He Jogs, He Walks – He Is A One Man Show!!

When Show, Inc. started letting everyone know that we would be having a team in Relay for Life we received an incredible offer from a member of our Board of Directors.

Randy Ellis, our board vice-president and avid runner, volunteered to walk. Not just walk on Show's team but to form a team of his own and stay on the track, either running, walking or jogging for the entire event.

Some of us were amazed that one man could actually do this. That is until we actually found out that yes, he could do this.

Randy is a marathon runner and not only the little short 26 mile marathons but 100 mile marathons, 48 hour marathons. Okay, by now we were impressed and then we found out that Randy has actually run the entire 3,000 miles of Route 66 and authored a book about

his journey – "Running With Payne: A Step-By-Step Journey Down Route 66 & Beyond".

Randy has also challenged the employees at Show to see if we can get enough walkers to stay on the track the same amount of time as him. Should be an interesting event.

If you would like to donate to One Man Show you can either drop off donations at Show, Inc. offices or visit the Relay for Life website.

We Are At It Again!!

March was a busy month here at Show with two new additions.

With our ever growing cart inventory and customer base it was decided to add a concrete pad out back of the recycling center to park all the carts on. We all watched with anticipation as the frame went up, the dirt work was done and the forms set in place. Then came the big day and the big concrete truck to pour our new pad. The workers had quite the audience while they poured, moved and finished off all the work.

The frame is off now and our carts are already parked on their new home.

March also saw the installation of a downstroke baler for our cardboard.

With our ever growing recycling pickup and drive in customers the addition of this baler will make it possible to not only bale more cardboard but it will also help us bale more plastics as well.

So keep those recyclables coming in!!

Date Night at Show was a Success

After a couple of postponements because of our wonderful snow storms in February, Date Night at Show was finally held on March 3.

Sandy Davidson and Sherri Hicks, two of our job coaches, were on deck cooking spaghetti, making salads and ensuring that all of the food was prepared and ready.

This year's event raised over \$500 for Show, Inc.

The Sapulpa High NHS students were here seating, serving and clearing. As always they are such a wonderful help for all of our events here at Show.

A Thank You goes out to the Anne & Henry Zarrow Foundation for their generous grant that made our new cardboard baler possible!

We greatly appreciate their support of Show, Inc.

Show Workers Honored

Each year in December The Metropolitan Environmental Trust honors those employees who have gone above and beyond and this year was no exception.

Show employees shined bright at the party this year, bringing home several honors as a testament to the hard work and dedication of our workers.

Clint Buchholz won the Outstanding Worker award this year and is rightfully proud of it.

The Outstanding Greeter award went to Jeff Young this year – good job Jeff!!

Leon Farmer was honored for over 10 years working at the MET having worked MET sites since they opened in 1993.

Others honored for over 10 years were

Minky Martin – 16 years

Paul Paxton – 14 years

John Abbott – 14 years

Diana Collins – 13 years

John Littrell – 12 years

Eddie Tiger – 12 years

Congratulations to all of our employees!!!!

Wish List

As our Latchkey and Respite programs grow we find ourselves in need of many items. A few of them are listed below. If you or someone you know would be interested in helping to fill the "Wish List" please contact Carol Matthews at 918-224-3400 ext. 1115 or Collette Beil at 918-224-7214

The list includes

- Horizontal paper rack w/ 8 rolls of paper
- VHS / DVD player
- Larger copier
- Laminator
- Die Cutter
- TV
- Computer
- Tables (light weight, round)
- Stand alone furniture for children
- Rocker Recliner

Showing Off has now been added to our website at www.showinc.org

Our site is updated regularly and contains not only information on recycling but information on the valuable service we provide to the community – jobs for adults with developmental disabilities.

Be sure to check us out!
